effertz@bektel.com

What a year! The market has changed but interestingly, for Lowlines it has changed for the better.

In the times of unprecedented high prices for feeder cattle, no one wanted to hear about lowering annual cow cost. But the last 12 months have brought a difference in attitude among progressive beef cattle producers. The very best producers have changed their focus – not the biggest calves bring the most dollars but instead, “What can I do to wean more pounds of beef per acre?” What a great question ... and easily answered with the use of Lowlines.

Cary and Amanda welcomed Marshall in September

The best recommendation you can give your commercial cattleman friends is to use Lowline bulls on their first-calf heifers and eliminate all calving issues. Then keep the Lowline-cross heifers as replacements to take 300# off their mature cow size, thereby increasing their carrying capacity and increasing their pounds of beef per acre. The NDSU Dickinson Research Center has done it by 37% more weaning weight per acre out of Lowline-cross calves.

We have had a wonderful year with great Lowline sales and a great year showing in Denver where we had National Supreme Champion Lowline Percentage Female with EZ Missy 135B and four Division Champions. The All Jacked Up offspring helped us win the coveted Best Six Head and we only brought six head to Denver.

Abbey and Matt were married in August

It's also been a great year for our family – we got to welcome a new son-in-law and a new grandson.

We have a great sale offering this year with more great fullbloods and some tremendous Moderators, both heifers and cows. We also are offering a great set of bulls, some breed-changing embryos and very rare semen packages.

Welcome to North Dakota. Don't hesitate to call us if there is anything we can do to make your trip more memorable. Thank you for your interest in our program.

Sincerely,
Neil and Jan Effertz

Grandma and Grandpa and the grandkids – the apples of our eyes.

LOWLINE Sale Information

Saturday, June 4, 2016 • 1 p.m.

On the ranch, Bismarck, ND

Sale Day Phones:

701-223-5202 • 701-471-0153 • 701-471-0152

Guest Consignors

Mike, Lyssa, Cody & Sierra Skor
Williston ND..... 701-580-6726

OFFERING 66 LOTS OF LOWLINE CATTLE:

Fullblood and Percentage Females, Show Prospects, Bulls, Embryos and Semen

BREEDING PRIVILEGES:

For each EZ female lot purchased, the buyer will be entitled to two straws of semen from an Effertz EZ Ranch herd bull for use on that female. The certificate to register one calf out of the female purchased at the sale will be provided to the buyer at no additional cost. For more details, refer to inside back cover.

DIRECTIONS TO THE RANCH:

Effertz EZ Ranch is about 16 miles north of Bismarck, ND on Highway 1804. From Bismarck, take Highway 83 north for 4 miles to the junction of Highway 1804. Stay on Highway 1804 for 12 miles as you go west then north along the Missouri River. The ranch is on the west side of the road between mile markers 95 and 96.

VIDEO AND ONLINE UPDATES:

We will have video of most of the sale cattle on our website www.loala.com. We will also update the online supplement sheet with calving and breeding dates and new photos. Check the website often for new information.

AREA MOTELS:

Rooms are being held at these convenient area motels:

AmericInn Lodge and Suites.....701-250-1000
3235 State St., Bismarck ND (Ask for the Effertz EZ Ranch block of rooms)

Super 8 North701-751-2550
1405 Skyline Way, Bismarck ND

Wingate by Wyndham.....701-751-2373
1421 Skyline Dr., Bismarck ND

Rooms are still difficult to find in Bismarck so we recommend early reservations. Let us know if you are having trouble finding a room.

SPECIAL REPRESENTATIVES:

Kris Petersen, Cattle Business Weekly..... 701-339-0305 cell

Dean Pike, American Lowline Registry..... 303-810-7605 cell

If you are unable to attend the sale and would like to discuss the sale cattle, we urge you to call Dean Pike. He is an experienced cattleman and field representative and a valuable resource for Lowline breeders. He will discuss the sale cattle with you and help you with your selections. You are also welcome to call Kris Petersen or Neil.

TRUCKING:

We will assist buyers in coordinating transportation.

ABSENTEE BUYERS:

Even if you intend to buy via liveauctions, we strongly recommend you call someone who is at the sale to discuss the cattle prior to the sale. Dean Pike or Kris Petersen will be happy to assist you as will anyone in our family. If you encounter problems during the sale with your internet feed, call us right away and we will help you bid. Feel free to call Abbey (701-471-1224) or Jan (701-471-0152) or call Neil's phone (701-471-0153).

HERD HEALTH:

Yearling heifers and cows have all been calfhood vaccinated for bangs. The yearling heifers have had our preweaning vaccination program of Virashield Plus Somnus and Ultrabac 7. The calves and yearling heifers have been vaccinated with moraxilla bovis for pinkeye. The heifers and cows have been vaccinated with Virashield VL6. All cattle have been poured with Sabre.

INSURANCE:

Livestock insurance will be available at the settlement desk for those buyers wanting to insure their purchases. We ask any buyers who leave their purchases at the ranch more than a day or two to insure them.

10th Annual Discover Lowlines Schedule of Events

FRIDAY, JUNE 3

2:00 P.M. CATTLE READY FOR VIEWING

3:30 P.M. BREEDERS' SEMINAR

We hope you can join us for an afternoon of interesting topics of particular interest to Lowline breeders, addressed by engaging experts in their field. It's a great time to network with fellow breeders and then enjoy a Lowline beef supper. Please join us!

Jerry Doan, owns and operates Black Leg Ranch, a family ranching business started in 1882 by his great grandfather, with his wife Renae and sons Jeremy and Jay. The multigenerational operation consists of several enterprises including cow-calf, custom grazing and cash cropping. Jerry's sons have added an additional layer with wildlife guiding, hunting and agritourism. The Doans have used Lowline genetics since the early 2000s, All ing their first calf heifers to Lowline bulls for calving ease and keeping Lowline cross females as replacements to moderate cow size and lower maintenance requirements. Jerry will speak about lowering the cost of beef production and grazing strategies.

6:00 P.M. LOWLINE BEEF SUPPER & SOCIAL

SATURDAY, JUNE 4

10:00 A.M. PRE-SALE HOSPITALITY

Have a cup of coffee, look at the sale cattle and visit with fellow cattlemen.

11:30 A.M. LOWLINE BEEF LUNCH

**1:00 P.M. 10TH ANNUAL
DISCOVER LOWLINES SALE**

Following the sale be sure to stay for ranch tours and supper. It's time to relax!

This powerful fullblood bull is the biggest, stoutest made fullblood bull we have ever had on the ranch. He weighed 1900# coming off grass last fall and stands 50.5" tall. He is athletic, incredibly structurally correct and good natured. His dam is the renowned Kobblevale Surprise, imported from Australia. We feel that All Jacked Up may well become Jackaroo's best breeding son.

Boxcar was a very impressive show bull (2012 National Reserve Grand Champion) that has grown into an even more impressive herd bull. He is sound, athletic, virile and maintains tremendous body condition in heavy natural service. We've used him on fullblood and percentage Lowline females for 3 years and have yet to assist a birth. His cattle are sound, balanced and well muscled.

Luke is an easy calving fullblood bull that carries the red gene. Used extensively on our first-calf heifers, both fullblood and percentage, all have calved unassisted. His calves have the same deep body, easy fleshing and stout muscling we see out of the EZ Western breeding. His structural soundness and mobility make us think these cattle will have tremendous longevity.

Titan at 9 years of age

Titan was Calf Champion Bull at the American Royal and is one of our top carcass trait bulls for marbling, REA and tenderness. His calves are very attractive with strong carcass traits and he will sire some show calves. We have used him successfully on fullblood and moderator cattle. He is very sound, still working on our ranch at 9 years of age.

All Jacked Up Calves

The proof is in the puddin'

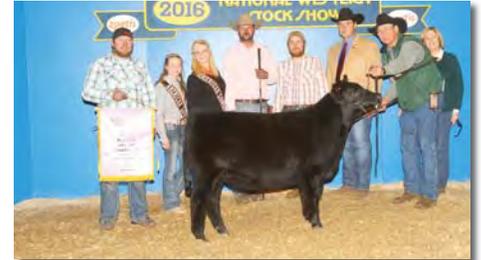

Four of All Jacked Up's six spring-born 2015 calves were in our show string in Denver this winter and were all part of the 2016 National Champion Best Six Head. The lowest any placed was second in class and three were champions. Here is an opportunity to purchase calves with a world of opportunity and potential.

Here is a fancy purebred Johnnie Walker daughter, ready for the show ring! She is halter broke and ready to go. She has been out to pasture since Denver and still looks show ready! These Johnnie Walker daughters go from the show ring to production, and keep looking great.

Guest Consignor: Cody Skor

LOWLINE Embryos

55A 4 Fullblood Embryos

Sire: MCR All Jacked Up FM18338

Dam: Brambletye Perfection W334 FF2179

Brambletye Perfection W334 is one of the few living Panmure daughters in the US. She's a deep bodied, easy fleshing, structurally correct female that produces wide based cattle with above average muscle and growth and near perfect conformation. She is the dam of Bill Kauffman's EZ Perfection 2P cow and a paternal sister to Fancy Pants 12R's dam Brambletye W332. This should be an incredible mating with All Jacked Up.

W334

All Jacked Up

55B 4 Fullblood Embryos

Sire: EZ Captain Jack FM10440

Dam: EZ Lacey 55T FF6148

Captain Jack was the best looking bull calf at an early age we've ever produced. He has continued to sire those great looks and natural thickness in his offspring. He should complement the structural correctness and femininity found in Lacey, the 2009 Houston Grand Champion. These embryos should produce special calves.

EZ Lacey 55T

Captain Jack

55C 4 Fullblood Embryos

Sire: Jackaroo FM8279

Dam: EZ Lady Luck 51N FF2219

This may be one of the last opportunities to buy embryos sired by the Australian Champion, Yarra Ranges Jackaroo. 51N is a wonderful Magnum daughter who was the 2004 Reserve National Champion Female. She is so well balanced and started off as an extremely flashy heifer calf. Her offspring exhibit the same characteristics. She is the dam of our donor EZ Lacey 55T. This is a "no miss" mating.

EZ Lady Luck 51N

Jackaroo

55D 4 Fullblood Embryos

Sires: 3 embryos sired by Lazy G Fireproof FM14350 and

1 sired by Lazy G Infrared FM8700

Dam: EZ Crimson Marnie 64U FF8639

64U is a black red gene carrier fullblood female and is the dam of EZ Redwood 13B, the red fullblood herdsire working at Tony Bowlin's in Texas. Our first Redwood calves are fantastic. 64U was Grand Champion Cow Calf Pair at the Iowa State Fair with Redwood at her side. Mated to either Fireproof, co-owned with Hutch's Cattle in Oklahoma or Infrared, the high marbling bull, these calves will be great.

All AI certificates necessary to register calves resulting from these embryos are provided at no additional cost.

EZ Crimson Marnie 64U

Lazy G Fireproof

Infrared U25

LOWLINE Semen LINE

56A Brackengrae Beau Lad

Fullblood Bull
AULM0543

Beau Lad is the "6807" of the Lowline breed. His daughters are incredibly, fundamentally sound. He is consistently found in the genetic background of a majority of the breed's best breeding stock, both bulls and females. Not only are his cattle attractive and functional, they have superior carcass genetics. There is very limited Beau Lad semen and we haven't sold any for years - we may never sell it again.

Lots 56A 1 - 3: 3 lots, 3 straws per lot

56B Brambletye Utah

Fullblood Bull
FM74

LR Lady,
2014 Grand Champion
National Junior
Percentage Heifer,
sired by Utah

Utah's dam, Brownwyn M051 is one of the outstanding cows that I observed in the Brambletye herd in Australia. She consistently produced outstanding herd bulls. I selected Utah, her natural calf by Nevada, in one of our last importations from Australia. He was the bull calf in the herd that immediately caught your eye. His progeny have predicatable eye appeal and his Moderator daughters have consistently been among the high sellers at the National Sale. His semen is extremely limited and this is the only offering of Utah semen in several years.

Lots 56B 1 - 2: 2 lots, 3 straws per lot

56C ALM Dakota Pride

Fullblood Bull
FM647

EZ Heloise 503Y, 2013
National Champion
Female, granddaughter
of Dakota Pride

Dakota Pride produces big bodied cattle that you can bank on for added performance and fleshing ability. He has more frame than most fullblood bulls but is extremely full bodied to go along with that frame. Critical cattlemen were unanimously impressed by Dakota Pride's physical presence, stoutness and correctness when comparing him to other leading herdsires. Uniformly deep from front to rear, Dakota Pride is a thick topped, long bodied son of Nevada. He has always been a standout. His dam is a long bodied, feminine cow. He had a successful show career winning championships at the 2001 and 2002 National Shows, the 2001 Iowa State Fair and North Star Classic. Semen is in limited supply.

Lots 56C 1 - 2: 2 lots, 3 straws per lot

56D EZ Magnum 72J

Fullblood Bull
FM1909

EZ Maggie 33P,
2006 National
Champion Female,
sired by Magnum

Magnum is the sire of the 2006 National Champion Female EZ Maggie 33P and EZ Lady Luck 51N, the 2004 American Royal Grand Champion Female. He is a powerfully well muscled bull that comes from one of the strongest cow families in Australia. His length, balance, muscling and eye appeal coupled with the fact that he is a double marker for the Ingenuity L marbling gene make him the top Midshipman son born in the US. Magnum sons and daughters have been some of the most impressive individuals we have ultra sound scanned for carcass traits - rib-eye area, intermuscular fat and tenderness. We have a very limited supply of Magnum semen.

Lots 56D 1 - 2: 2 lots, 3 straws per lot

56E Bar J Red Baron S63

Halfblood Bull
XM4852

EZ Red Baroness
103W, 2009 Louisville
Supreme Champion,
sired by Red Baron

Red Baron S63 is a solid red, smooth polled, halfblood son of Red Bone, a double halfblood. Red Baron actually has three shots of Lowline genetics with Popeye, Quartermaster and Pay-day to make him breed true. Red Baron's calves are truly exciting - very long bodied, very thick and muscular. He is the sire of EZ Red Baroness, the 2009 Louisville Supreme Champion. He has sired some exciting show steers as well.

Lot 56E 1 - 2: 2 lots, 5 straws per lot

7/8 Akaushi

Selling choice of Prime: these three halfblood bulls. They should sire cattle with absolutely fantastic carcasses. The MMI score on their sire EBC Mr. Neron 3Z is off the charts at 101.3 for marbling. Their dams are polled 7/8 Akaushi cows whose steer mates graded high enough to garner a nice premium when sold on the rail. The bulls were all born in April of 2015. Check our website for updated registration numbers, tattoos and birthdates.

Guest Consignor: Schmit Farms

LOWLINE *Terms and Conditions* LINE

Terms: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing any cattle.

Insurance of Purchases and Risk: All animals are the seller's risk prior to their sale and become property of the buyer as soon as declared sold by the auctioneer. Arrangements will be made to have insurance available when making settlement. Cattle left at Effertz EZ Ranch after the sale must be insured by the purchaser.

Bidding: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

Health Papers: Our vet will be on hand to write interstate health certificates.

Registration and Transfer: All animals sell with registration papers from the American Lowline Registry and will be transferred after the sale at the seller's expense.

Announcements: Any errors or changes of information contained in the catalog will be announced from the auction block and such announcements shall take precedence over information contained in the catalog.

Breeding Guarantee: Bred females in the sale have been pregnancy examined by a veterinarian and found to be safe in calf. Bred females and females with calves at side are considered to be breeders and no further guarantee applies. The open heifers selling are guaranteed to be breeders. If a female appears to be a non-breeder within 6 months of the sale (or within 6 months of when

she reaches breeding age) she may be returned to the seller at the buyer's expense. The seller will then reserve the right to prove the animal a breeder within a six month period, using any fullblood registered Lowline bull of his choice through AI or natural service. If successful, seller will return animal to buyer, again at buyer's expense. Should the animal fail to prove a breeder, the seller at his option may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims. In no event shall the seller be responsible for more than the purchase price.

In case the animal in question should develop to be a problem breeder due to negligence or improper management by the buyer or if the female has been subjected to any hormonal or surgical reproduction techniques, the seller's guarantee does not apply. No guarantee is given that bred females will deliver a live calf. No guarantee is given that a female will produce eggs suitable for transplant.

All bulls are semen tested. No guarantee is given that a bull will produce semen that will freeze.

Liabilities: All persons who attend the sale do so at their own risk and Effertz EZ Ranch assumes no liability for any accidents that may occur. Neither does Effertz EZ Ranch assume any liability for loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God.

Contract: The above terms and conditions shall constitute a contract between the buyer and the seller of each animal sold.

Mail bid: Mail or wire bids may be furnished. Bids must be in the hands of the sale staff in ample time prior to the sale and will be handled in strict confidence.

LOWLAND Breeding Privileges

Each female lot in the sale sells with breeding privileges to our Effertz EZ Ranch herd bull battery. Effertz EZ Ranch will provide two straws of semen and one AI certificate for one calf out of the cow purchased in the sale. The shipping costs for the semen will be the buyer's responsibility. Buyers are welcome to bring their semen tanks to the sale and pick up semen then.

Because of extremely limited supply, semen on Beau Lad, Lexus, Utah and Gus will not be available for breeding privileges, and Jackaroo and All Jacked Up semen is not available for breeding privileges.

Pictured here are many of our herdsires. Complete pedigrees are available on our website www.loala.com or call us for more information.

Semen is available on many of these bulls for \$25/straw. Legend semen is not available for sale. If you need to purchase semen and want to save shipping expenses, call ahead so we are sure we have what you need here in our tank and you can pick it up sale day.
