Foundation Australian genetics fill in all the lines in her three generation pedigree - Commander Bligh, Red Sky, Herman and Olive have all produced champions in Australia and Dee Dee is capable of the same. She's balanced, attractive and due for a fullblood heifer calf soon by the Jackaroo son EZ Yukon Jack 28Y.

You will want to mark down this alumni of the National Sale. The Beau Lad son Conquistador has produced National Champions for John DeBruin and this strong made daughter is capable of the same, especially since she is due in November for a fullblood heifer calf by the Jackaroo son EZ Yukon Jack 29Y.

Lots 30 and 31 are peas in a pod, half sisters by the great Conquistador and this one is double bred to Beau Lad. She's attractive, easy to maintain on grass and deep from front to rear. She's also due for a fullblood heifer calf soon by Yukon Jack 29Y. Don't miss her.

Oh my what a beautiful daughter of Sultan! He's the tremendous Sparks son of the 2005 National Champion Female. She's out of the Sugar cow who is by a son of Utah out of a Rouseabout daughter - very top genetics here and she's going to calve early this spring to All Jacked Up, safe to the AI date 5/25/17. This should be a calf to contend with!

In no event shall the seller be responsible for more than the purchase price.

In case the animal in question should develop to be a problem breeder due to negligence or improper management by the buyer or if the female has been subjected to any hormonal or surgical reproduction techniques, the seller's guarantee does not apply. No guarantee is given that bred females will deliver a live calf. No guarantee is given that a female will produce eggs suitable for transplant.

Bull calves under the age of 14 months are guaranteed to pass a semen test at 14 months of age. Should the animal fail to pass a semen test, the seller at his option may either return the purchase price to the buyer or replace the animal with another of equal value in full settlement and satisfaction of all claims.

The Cold Spring Farm and Bailey Ritter Farm consignments represent herd dispersals. Every effort has been made to present accurate and up to date breeding information. No further guarantee applies to these lots.
