Look at this dark red Aberdeen Plus bull out of a registered Red Angus cow from the Genetsky OK Cattle Company. He's sire, EZ Luke, is a black red gene carrier fullblood who was the top bull calf in his class and loaded with high marbling, exceptional carcass genetics. This red bull would work well with on registered Aberdeen females.

Juniors – check out this exciting show steer prospect! He's a halfblood Moderator whose dam is the granddam of Sierra Skor's Blueberry heifer. He is clean fronted, thick made with an extra stout hind leg. He's sure to get the judge's attention when you lead him in. It's too cold in North Dakota to give him a haircut but he will clean up nice on sale day! Tremendous carcass genetics too.
